Of Scrip Uncertain**

Premier Aberhart States No Coercion on Government's Part If Not Accepted; Road Work Is Progressing; Liberals to Re-organize

MINISTER TO U.S.

By T. H. WINDROSS

EDMONTON.—There seems still to be some uncertainty concerning the actual date of issue for the government's Property Certificate and considerable criticism is being heard on every hand because of the apparent lack of forethought on the part of the administration in making its announcements before it was ready to carry them out.

...the certificates is delayed because of what the ministers describe as unforeseen and unexpected difficulties in connection with their lithographing, but there are no evidences of a change of mind on the part of the cabinet with regard to the plan and in the meantime the road construction work for which the certificates will be put into circulation has actually begun.

Opposition to the scheme has stiffened on the part of Alberta wholesale houses and the number of these firms which will refuse to accept the "script" from the retailers in the payment of accounts will represent the majority. The government, through Hon. Lucien Mairaud, however, still maintains that the wholesale houses which will not accept them to make the scheme workable.

the government. Acceptance of the certificates will be absolutely voluntary.

Liberals are planning a reorganization of their forces in the province. It was revealed this week there is to be a gathering of party representatives at Red Deer on August 1, at which organization plans will be taken up. A full meeting of the executive of both the provincial and federal organizations was held within a few days and decided to call the larger gathering.

Boyd McBride, K.C., secretary of the provincial body, notified all ridings of the coming meeting, with the objective of considering the advisability of having one provincial organization, to draft a constitution and to hold the first general provincial convention.

Weddings

BRUNS—PARKER

A quiet but pretty wedding took place at the home of Mrs. Banfill, when Alice Arner, elder daughter of Mr. and Mrs. A.B. Parker of Drumheller, was united in marriage to Arnold A. Bruns, son of Mr. and Mrs. A. C. Bruns of Lacombe.

The ceremony was solemnized by Rev. H. Tully Montgomery on Tuesday, June 30. The bride was lovely in a dress of mauve taffeta with hat to match, while Mrs. R. W. Tully acted as matron of honor.

Rev. T. H. Chapman Transferred to Stettler

Appreciation For Co-operation and Kindnesses Expressed by Rev. T. H. Chapman and Family on Departure

The Lord Bishop of Calgary has decreed that an exchange of incumbencies shall be consummated between the Rev. W. E. Herbert of Stettler and the Rev. T. H. Chapman of Lacombe. This exchange became effective as from July 1st last.

After a highly successful teaching career at two schools in Quebec, Thomas H. Chapman finally decided to follow in the footsteps of his paternal grandfather, the late Thos. Shaw Chapman, M.A., in the ministry of the Anglican Church.

After several years' work as a lay missionary on the Canadian Labrador and in the Magdalen Islands, he was very interested to note that St. John's Church, Lacombe, was the second oldest Anglican Church in North America. During Mr. Chapman's tenure of office, the parish celebrated the 171st anniversary of its foundation. Ships of the British North Atlantic Squadron were proud, together with an adequate representation from the Canadian naval, military and air forces.

First Rectoryship On July 21st, 1924, Rev. Chapman assumed his duties as rector of the historic old parish of St. James, Seaford, Nova Scotia, this being his first rectoryship.

After four years of successful work, the Rev. Chapman experi-

enced a severe illness which necessitated his removal to a much drier and more sunny climate. He assumed charge of the Lacombe Mission on July 28th, 1928. At that time this mission consisted of only Lacombe and Blackfalds. As Mr. Chapman's health gradually improved, his duties were increased and, at the Bishop's request, he took on Bentley in the fall of 1928, Elvie in the fall of 1929 and Rimbey in January, 1930.

During the Great War, Mr. Chapman endeavored to join the Royal Air Force, but after having passed with flying colors the preliminary board, which was largely an intelligence test, he met defeat at the hands of the secondary board when he appeared before it in Montreal, and, at the Bishop's request, he took on Bentley in the fall of 1928, Elvie in the fall of 1929 and Rimbey in January, 1930.

As it was impossible for the Rev. T. H. and Mrs. Chapman, the Misses Marion and Joyce and Mr. Harold Chapman to call on their associates and friends in order to say good-bye before their departure from Lacombe to take up their residence in Stettler, they wish the Globe to extend their grateful appreciation of the many kindnesses shown and hearty co-operation accorded them during their stay in Lacombe. On saying good-bye to Lacombe Rev. Chapman would bespeak a hearty confidence of these qualities for his successor, the Rev. W. E. Herbert.

Rev. Chapman's induction at Stettler took place on Wednesday, July 8th. A social hour followed the induction.

49th BATTALION TO HOLD PARADE

The Forty-ninth Battalion (The Edmonton Regiment) Association will hold its Annual Church Parade on Sunday, July 19th, next.

The parade will fall in on the Market Square, Edmonton, at 10:30 a.m. and will march from the Market Square to Parliament Hill grounds, where the service will take place. Following the service, the luncheon will be held in the Rose Room of the King Edward hotel, at which special rates have been secured for the members, their wives and children.

The Edmonton Regiment will supply brass and pipe bands, color party with the colors and an escort.

The 19th of July is the Sunday immediately following the close of the Edmonton Exhibition and it is felt that many members of the Old Battalion, who have visited the Exhibition, will remain over for the parade.

POULTRY LEAGUE OF NATIONS

There have been five World Poultry Congresses, with the sixth to be held at Leipzig, Germany, in July, 1936, and one of the five has been a veritable league of nations in operation. The members of these congresses are representatives of more than 60 nations, who learn about one another from friendly contact.

Animating this goodwill is one great object, namely, to give and receive the fullest information towards the breeding of the best poultry possible, not for the benefit of any one nation but for the advantage of every nation of the world.

Thus, apart from the distribution of practical and specialized knowledge on poultry rearing, the World Poultry Congresses have been the means of comparison by which nations have been better able to know themselves and their neighbors, each to become aware of its own merits and deficiencies.

Throughout these congresses the vitality of the Canadian birds has told the story of Canadian poultry—that in Canada there is outstanding poultry breeding stock in two or three of her more popular breeds. These qualities are illustrated in the breeding of these birds through Registration, Record of Performance and private pedigree work. At Barcelona, Spain, in 1924; Ottawa in 1927; London, Eng., in 1930; Rome, Italy, in 1933, the story was the same with the same result—high appreciation of Canada's position in poultry breeding. Canada did not attend the first world's congress of the series at The Hague, Holland, in 1921, but there is no doubt that, as the result of Canada's first appearance at these congresses at the second meeting at Barcelona, Spain, Ottawa was chosen as the location of the third world congress in 1927.

At the coming sixth congress at Leipzig, Germany, in July, the same story again will be told with a somewhat larger exhibit than appeared in Rome. About 100 Canadian birds will be in the live stock exhibit, the central figure being a pen under a spotlight. Pictured in clouds in the background, transparencies will illustrate the agencies that go to make the superior Canadian bird, such as health conditions, climate, pedigree, and government inspection. Many countries have already intimated their desire to the German authorities to purchase Canadian birds. Consequently, Germany has asked Canada to allow the birds contributed to the congress to be available for sale.

GOOD MINIMUM PRICE IS NEEDED

The setting of a fair minimum price for wheat by the Wheat Board is a matter of primary importance to Alberta and Western Canada. The Alberta Wheat Pool invites the co-operation of all organized bodies who are interested in seeing this desired and brought about. It is also important that the Federal Government be impressed with the need for the continuation of the Wheat Board.

The experience of 1935-36 crop year shows that the setting of a reasonable minimum price provided a measure of protection for wheat growers that could have been obtained in no other way. The Alberta Wheat Pool contends that the losses, if any, entailed are trivial as compared with the advantages gained by providing purchasing power for the farmers of the west.

A drive to bring about lower wheat prices was frustrated by the Wheat Pools in co-operation with the Federal Government last year. While the situation has changed somewhat and prospects appear brighter for improved prices this year, it is suggested that the welfare of agriculture needs the steady influence of a substantial minimum price in order to offset adverse movements which may develop later on.

MUSICAL PICTURE AT THE AVALON

"The Music Goes Round," long-heralded musical extravaganza that features Harry Richmond, Rochelle Hudson, Edward Farley and Michael Riley, the round and round boys; Michael Bartlett, Walter Connolly, Douglas Dumbrille and Lionel Stander, is playing for three nights at the Avalon theatre this week, starting tonight (Thursday).

The story has to do with an old-fashioned showboat troupe that swoops down on Broadway to appear in a lavish musical spectacle. It is a picture that gives real entertainment.

The Ladies of the House Finally Committed Themselves

There are only two women in the House of Commons at Ottawa; both are active politicians, but they have been "put on the spot," as it were, by yielding to the persuasive power of the press gallery to pick out the most handsome and distinguished gentlemen among the 243 others who make up the House. Miss Agnes Marshall (TOP CENTRE)

selected Denton Massey (Conservative) and Mr. Hugh Plaxton (Liberal) as her choices as the most handsome and chose Opposition Leader R. B. Bennett at the most distinguished. Mrs. George Black was not so easy. She said there were no really handsome men in the House, though she thought Mr.

Massey was "attractive looking." A Conservative member, she nevertheless selected Premier King as the most distinguished gentleman. Mr. Massey is shown UPPER LEFT, and Mr. Plaxton, UPPER RIGHT. The LOWER ROW shows Premier King, Mrs. George Black and R. B. Bennett.

RED DEER TOURNAMENT
Of the four Lacombe golfers who entered the annual Red Deer tournament, only one "brought home the bacon." Three of the entrants, F. O. Vickerson, H. Teare and E. H. McCaugherty, scored cards for the first flight, while H. Henderson scored a card for the second flight.

In the first round, Vickerson and Teare remained in the running by defeating Leonard of Nordegg and Dodd of Red Deer, respectively, while McCaugherty was sent into the consolation by taking defeat from Capstick of Camrose.

In the second round, Vickerson was knocked out by Husband of Red Deer and Teare was ousted by taking a defeat from Johns, also of Red Deer. McCaugherty lost in the consolation to C. Willis of Stettler. In his first game, Henderson's 0 was dropped into the consolation by Cookson of Hughenden, but went on to win the prize by defeating G. E. Wiseman of Kelowna.

There were 56 entries in the tournament, Charlie Grant of Calgary winning the qualifying round with his one-over-par 70, and Billy Hudson, of the same city, defeating Grant for the championship.

The most daring offer ever made to motorists

GIVE YOUR MOTOR A 10-DAY LIFT WITH THE WORLD'S FINEST MOTOR OIL without risking a cent.

MR. MOTORIST, for the first time a motor oil does not ask you to wait six months, or even six weeks, to find out how good it is. It dares to say that it can prove its case in 10 brief days. . . . In your own car. Here's our sporting proposition. Fill your crankcase with Indestructible Veedol Motor Oil. Then drive for 10 days. . . . If your motor doesn't get a lift that you can feel . . . if you yourself don't enjoy a new thrill from driving . . . then the party's on us. And remember, you're the sole judge. If you aren't glad to admit that Veedol is the finest motor oil you have ever used, we'll drain it from your car and refill your crankcase, at our expense, with any motor oil you name. Won't you take us up on this? . . . You can't lose! Buy Veedol today without risking a cent.

WIDE SELECTION IN MIXED FEEDS

Farmers in Canada have a wide range of ready-mixed feeds from which to select their requirements. Indeed, these commercial preparations are becoming so numerous as to be almost confusing to the farmer seeking to make a selection for his needs. In 1935 there were no fewer than 1,388 brands of mixed feed registered under the Feeding Stuffs Act, administered by the Seed Branch, Dominion Department of Agriculture. Individual manufacturers registered as high as 22 brands of poultry feed alone and 36 brands of all kinds of feed.

Poultry feeds led all others by a wide margin and accounted for 1,010 of the total brands registered. There were 384 brands of laying mash, 209 chick starting and 182 chick growing or developing mash. Ready-mixed feeds for animals are much less numerous than those for poultry. Still there were 140 dairy

cattle feeds, 63 calf meals and 61 hog feeds registered as well as a few brands for horses, sheep and goats. Also included in the registrations were 59 brands of feed not designated for any specific class of stock. Many of these are characterized by a low protein and a high fibre content and are often referred to as "price feeds." Some of them are obviously designed to provide a market for by-product materials which if offered separately under their common names would not meet with popular demand.

BRINGS FINE PRICE

Bachelor's Flag, a two-year-old running horse, by Token-Borodale, brought top price of \$2500 at a sale of thoroughbreds at the Whittier Park Stock Farm, Winnipeg, recently. Forty-six horses brought a total of \$24,500, an average of \$532 each.

People who throw away litter on the streets of Munich are fined on the spot.

QUADS PAY QUINTS A VISIT

The famous Keys quadruplets of Waco, Mona, Mary, Leota and Roberta (left to right) were pictured as they boarded a train that took them to Callander, Ont., where they met the Dionne quintuplets and invited them to visit Texas during the centennial year. All the girls are accomplished musicians. They visited Toronto on their way home.

CHRISTIAN SCIENCE

At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Sacrament." The following is one of the Scriptural quotations contained in the Lesson-Sermon: "To him that overcometh will I grant to sit with Me in My throne, even as I also overcame and am set down with My Father in His throne" (Revelation 3:21). One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is as follows (page 267): "Blessed is the man that endureth (overcometh) temptation; for when he is tried (proved faithful), he shall receive the crown of life, which the Lord hath promised to them that love him."

Spruceville

SPRUCVILLE.—The U.F.W.A. meeting at the home of Mrs. W. Parker on Wednesday, July 1st, was very well attended and showed a lively and intelligent interest in the subject of discussion, "Education." Two more members joined and a banner membership is looked for this year. Final arrangements for the ice cream social in Spruceville Hall on Friday, July 10, were completed and a good time is assured.

Mrs. Lasby of Moose Jaw, who is well known to many Sprucevillians, is visiting with her sister, Mrs. O. S. Young.

Andrew Gibson and his bride returned from their honeymoon and have taken up residence on the groom's farm.

Mrs. L. LeYoung entertained Sunday in honor of Mrs. Lasby and Mrs. O. S. Young also entertained for her sister on Tuesday afternoon.

Mrs. Southward is visiting at the Elliott home near Clive.
[There was a splendid attendance at the U.F.A. Constituency (S.W. Division) picnic on Tuesday at the home of Mr. and Mrs. Melis at Rimbey. After a splendid lunch the gathering adjourned to the river bank to hear their directors, Mrs. Ray Carter, Mrs. Blanche Paulsen and H. E. Heath, all of whom spoke briefly, and were followed by very interesting talks by Mrs. Malloy, second vice-president, U.F.W.A., and Mr. George Church of the executive and co-operative committee. After a program of sports was run off to the entertainment of all, the gathering had a delightful supper and dispersed after a profitable and enjoyable day. The weather man unfortunately kept the crowd from being even larger.]

Mr. and Mrs. English and Mr. and Mrs. N. H. Hall were entertained by Mr. and Mrs. O. S. Young on Monday.

Mrs. H. S. Heath has gone to stay with her friend, Mrs. Jones, in Lacombe for a month.

Mr. and Mrs. D. Boden and Mr. Boden, Sr., were Sunday visitors at Ponoka, where Mr. Boden is remaining for a visit with friends.
Mr. Church and Miss Paulsen were visitors at the home of Mr. and Mrs. Heath.

Mr. and Mrs. N. H. Hall and Mr. and Mrs. D. Boden and Mrs. L. I. Young motored to the Red Deer River for a picnic last week.

Local Baseball Team Wins From Bentley

The Lacombe baseball team squeezed out a 6-4 win over Bentley Monday night at Bentley. Will Thorpe of Bentley pitched an unusually good game, striking out 14 men and walking three. Bennett of Lacombe also pitched a good game, striking out ten men and giving no bases on balls.

Superior batting power, however, gave Lacombe the edge, with Bennett leading the hitters with three hits out of five at-bats. A Penman of Lacombe poked out a homer to deep center on his first trip to the plate.

Window Shoppers Operate Own Light

LONDON, Eng.—West End stores here are soon to have a new amusement for window gazers, which also saves the stores money and defers burglars.

The idea is that the window lights up and displays its contents when anybody approaches to look into it and darkens again when they move away.

The spectacle of shop windows, blazing away across empty pavements has long been a disturbing one to the owners, who deplore the waste involved, some firms spending as much as £700 per annum on window illumination.

The apparatus is contained in a box smaller than the average home wireless set and an official of the

General Electric Company, makers of the machinery, explained that it is operated by the electricity in the human body, which affects an aerial wire stretched across the shop window.

Research workers are now hoping to adapt the invention to make it serve also as a burglar alarm.

APPLE EXPORTS—Apple exports from Canada during the present season up to April 18, 1936, totalled 1,432,359 barrels; 35,883 half-barrels, and 2,119,010 boxes, an increase of 91,405 barrels and 465,332 boxes, and a decrease of 3,325 half-barrels, compared with the 1934-35 season.

DINNER STORIES

NOW WHAT?

A salesman was eloquent about the merits of a certain vacuum cleaner, but the woman of the house wasn't impressed. She suggested that he talk less and show her what the machine could do.

He took off his coat, fitted up the cleaner, thrust his arm into the chimney of the open fireplace and brought out a big handful of coal which he scattered over the parlor

carpet. He then shoveled some ashes from the grate and sprinkled them over the rug, adding a big handful of soil from the garden. Then he smiled and rubbed his hands.

"Now," he said, "I'll show you what this vacuum cleaner can do. You'll be surprised, madam. Where's the electric switch?"

"Switch," echoed the surprised woman. "We use gas."

AND THEN SHE WAS SILENT

A well known woman who was asked to a public function was assigned a place between a bishop and

a rabbi. Eager to be the lady of the moment, she said:

"I feel as if I were a leaf between the Old and the New Testament."

To which the rabbi responded:

"That page, madam, usually is a blank."

Dentist—I'm sorry, but I'm out of gas, miss.

Sweet Patient—Ye gods, do dentists pull that old one too?

ON CAMPING HOLIDAY RIMBEY—Twenty teen age girls from Delburne are enjoying a two weeks' camping holiday at Pine Lake. They are under the direction of Miss Viola Ellis of Rimbeey, who has for the past two years been a member of the teaching staff at Delburne. Each girl of the group is determined to become a swimmer before the outing is terminated.

Date of Issue of Serip Uncertain

running to the mountains from Red Deer has already been built. Construction is completed as far as Nordegg, and beyond that timber work and rock work has been finished for several miles. This section of the highway has reached the stage where machinery can be put to work at an early date.

The new route is expected to add considerably to the tourist traffic between the prairies and the mountains.

Weekly crop condition report of the Department of Agriculture indicates this week that the crop in the Peace River area will be one week earlier this year than last year. Rain has fallen within the week, which was needed in the sections, and this has made the outlook bright in the north for the 1936 harvest.

Conditions in the Edmonton area are reported to be good throughout, but the best crop prospects in Alberta are said to be in the Peace River district, "where good showers have been general and growth of all crops has continued normally."

Hon. E. C. Manning and Hon. Jackson Maynard were announced to address a mass meeting at Willingdon Friday night and started out to keep the appointment, but they were balked by bad roads which had become impassable following rain. After turning off the gravel at Mundare, they were able to proceed only a few miles in two hours and were forced to turn back to Edmonton. The Social Credit convention at Willingdon went on without them.

Premier Aberhart has been away from his office most of the week and is not expected back until the middle of this week. He has visited Vancouver, to which city he took greetings from Alberta on the occasion of the Jubilee Celebrations. He went to Lethbridge on Monday of this week and will return to the Capital from that southern city.

Work is now progressing rapidly on the stretch of highway between Wetaskiwin and Edmonton, including the ten-mile stretch from "Death Corner" to Nisku, according to Hon. W. A. Pelly. The work on this stretch is new construction and when completed will be a big improvement to the highway. The new stretch is being built on the west side of the C.P.R. tracks in order to eliminate two dangerous railway crossings.

The whole project from Wetaskiwin to Edmonton, including extensive grading and graveling operations, even where the present highway is retained, has been estimated to cost \$2,000,000 and will be completed this fall, Mr. Pelly expects.

Read construction work in the north-central portion of the province will be greatly benefited by the location by the Department of Public Works of a new gravel pit near Beverly. Hitherto gravel has had to be hauled for as far as 150 miles and even brought in by train, but the new source, which was inspected by Mr. Pelly during the past week, will eliminate much of this hauling and reduce the cost accordingly.
